' I never thought I could ever have such a beautiful smile '

Julie always hated her teeth and had a gummy smile. She has been seen by consultants at the local hospital but never got the result she wanted until one day she put her trust in Dr Kee, our specialist cosmetic dentist. Although she is still half way through her treatment, she is so happy with her teeth so far. She had this photo taken by a professional photographer, and could not resist sharing it with us. She said, ' I never thought I could ever have such a beautiful smile '. All of us at Oadby Dental Clinic and in particular, Dr Kee, feel very privileged to have been able to help Julie achieve her goal and transform her life.

In brief, Julie had her gum moved up so that she shows less gum and more teeth when she smiles. She also had crowns on her upper front teeth. Watch this space for the final result !

You too can have that beautiful smile you always dreamed of. Why not book a free consultation with Dr Kee to discuss your options ?

The BACD Eleventh Annual Conference - Liverpool

After attending the American Academy of Cosmetic Dentistry (AACD) Annual Conference in Orlando, Florida in May, Dr Kee recently attended the British Academy of Cosmetic Dentistry (BACD) Eleventh Annual Conference in Liverpool in November. The conference

was well attended and an array of international cosmetic dentists was present to share their experience and knowledge. The pictures show Dr Kee with Dr Christian Coachman from Brazil and Dr Lee Ann Brady from the United States.

Dr Kee is a full member of both the BACD and the AACD.
